RE: Proposed State Tax Rate Change - Regulatory Asset Treatment

Dear Secretary Frey:

Constitutional Amendment 2 - ACT 396, H.B. 292 was approved and effective for tax years beginning on or after January 1, 2022. This amendment eliminated the deduction for federal income tax paid, and modifies the corporate income tax rates and brackets (with the highest rate lowering from 8% to 7.5%).

As a result of this change, Cleco Power's effective tax rate increased from 26.0781% to 26.925%. The Second Amended and Restated Formula Rate Plan effective July 1, 2021 states the "use of the current statutory federal and state combined tax rate (currently 26.0781%)". This increased effective tax rate is expected to increase the approved revenue requirement by approximately \$2.263 million annually.

Cleco Power is requesting the establishment of a Regulatory Asset for the increased tax expense in excess of the previously LPSC approved tax expense effective January 1, 2022. Cleco Power will seek recovery of this increased cost in the next rate filing which will be filed by March 31, 2023.

Cleco Power is proposing to defer the increased tax expense which would result in the recording of a debit to the regulatory asset and a credit to tax expense. We will be pleased to schedule a call to review the details of the calculations with you and your staff at your convenience. In the meantime, you may contact me at 318-484-4923 or John O. Shirley at 225-376-0288 for further discussion.

Kindest regards,

Christina C. McDowell

<p>Ex. 8</p>	<p>R-31106 - Louisiana Public Service Commission, ex parte. In re: Rulemaking to study the possible development of financial incentives for the promotion of energy efficiency by jurisdictional electric and gas utilities.</p> <p>In re: Discussion and possible vote to retain an engineer for District IV.</p> <p>After discussion, on motion of Commissioner Skrmetta, seconded by Commissioner Greene, and unanimously adopted, the Commission approved Vice Chairman Francis' nomination of D. Hicks Consulting to assist District IV with the political subdivision energy efficiency 2023 program for a total budget not to exceed of \$27,243.</p>
<p>Ex. 9</p>	<p>U-36350 - Entergy Louisiana, LLC, ex parte. In re: Application for recovery in rates of costs related to Hurricane Ida and related relief.</p> <p>In re: Discussion and possible vote on Uncontested Stipulated Settlement.</p> <p>(Exhibit 16 on December 15, 2022 Business and Executive Session Agenda).</p> <p>Commissioner Greene made the following motion: I move to approve the uncontested stipulated settlement subject to two modifications. These modifications do not alter ELL's ability to fully recover its prudently incurred storm costs. These two specific modifications enhance the current settlement by reducing the securitized amount by \$180 million by accelerating the recognition of certain tax-related benefits (i.e. securitizing net of storm-related Accumulated Deferred Income Taxes ("ADIT")). This modification also reduces the initial year's monthly storm charge paid by an Entergy Louisiana customer by approximately 10%.</p> <p>The first modification is to replace the first sentence of paragraph 6 of the uncontested stipulated settlement with the following: "the Commission enter a Financing Order in the amount of \$1,491,483,000 with terms substantially similar to that contained on Attachment 1, including issuance costs that reflect a debt service reserve subaccount of 1.5%."</p>

	<p>The second modification is to delete paragraph 8, Attachment 4 and other references to ADIT in the uncontested stipulated settlement in recognition that the present value of the future tax benefits have been applied to reduce the amount to be securitized, which is to securitize the prudently incurred storm costs net of the present value of storm-related ADIT. This method locks in the value of the ADIT for customers and requires ELL to manage the risk regarding future changes that could affect the value of the ADIT.</p> <p>Further, Staff will draft quantification, financing, and ancillary orders consistent with the uncontested stipulated settlement as modified by this motion. I understand from Staff that ELL and all intervenors are amendable to the two modifications to the uncontested stipulated settlement.</p> <p>After discussion, on motion of Commissioner Greene, seconded by Commissioner Skrmetta, with Vice Chairman Francis concurring, and Chairman Campbell and Commissioner Lewis opposing, the Commission voted to approve the issuance of a Quantification Order, a Financing Order, and an Ancillary Order consistent with the terms of the Uncontested Stipulated Settlement filed into the record of December 12, 2022 subject to Commissioner Greene's modifications.</p> <p>Present for Questions/Comments: Mark Kleehammer, Vice President, Regulatory and Public Affairs for Entergy Phillip May, President and CEO for Entergy Louisiana Bill Barta, Staff Consultant Mark Gooding, Staff Consultant Pat Patrick, Staff Counsel Delores Brooks, General Public</p>
Ex. 10	<p>Undocketed - Cleco Power LLC, ex parte. In re: Notice of State tax rate change and regulatory asset treatment.</p> <p>In re: Discussion and possible vote on authorization of Regulatory Asset.</p> <p>On motion of Commissioner Skrmetta, seconded by Chairman Campbell, with Vice Chairman Francis and Commissioner Lewis concurring, and Commissioner Greene temporarily absent, the Commission voted to authorize Cleco Power's request to establish a regulatory asset, for accounting purposes only, to record the effective tax rate change until such time that the Commission rules on Cleco Power's next rate request, including the increased amounts recorded in this regulatory asset. Until the Commission approves a rate request, Cleco Power shall not change its rates reflecting this effective tax rate change.</p>
Ex. 11	<p>1) Reports</p> <p>-Report from Staff on Docket No. R-36227.</p> <p>Staff Consultant David Lessinger of CSRS gave his report to the Commission regarding R-36227.</p> <p>At the request of Commissioner Greene.</p>
