

**ATTACHMENT D**  
**MANAGEMENT EXPERIENCE**

Sean Harrison, the principal owner of Parish Broadband, has been providing business and residential internet service in the Greater New Orleans Area since 2017. Sean also designs, engineers, and oversees the build and service offerings of a residential fiber ISP in Colorado Springs, CO for Mayberry Communities (incorporated as "My Simple ISP" in Colorado). My Simple ISP currently has 200 subscribers. The company expects this number to increase to approximately 4,000 - 5,000 fiber subscribers by 2030.

Previously Sean worked as a Network Engineer at the Archdiocese of New Orleans where he managed and oversaw a multitude of communications projects.
