termination of Service, the deposit, including principal amounts and any interest earned, will be credited to the Customer's final bill with any remainder refunded to the Customer.

4. Any excess from the deposit shall be returned to the Customer's last known address with 75 days after termination or default. If the U.S. Postal Service is unable to deliver the money and returns it to the Company, the Company shall hold the money for one year from the date it is returned and may charge a monthly accounting service fee. Any portion of the deposit left after one year shall be considered forfeited by the Customer.
5. The payment of a deposit or provision of security neither relieves the Customer from complying with Company regulations or the prompt payment of bills nor constitutes a waiver or modification of the regulations of the Company providing for the discontinuance of Service for nonpayment of any sums due the Company for Service rendered. The company will pay 5% interest on deposits retained for more than 6 months.

2.5 Prepayment

- A. The Company, at its discretion, may require prepayment prior to its provision of Service. Charges incurred by the Customer for Service will be deducted from the amount of the prepayment on an ongoing basis as they are incurred.
- B. Service may be suspended when a Customer's prepaid amount is reduced to zero. Service will resume only after prepayment of an additional amount determined by the Company.

If charges for Service exceed the remaining prepayment, the Customer remains responsible for such charges and the Company may collect the amount of any underpayment.

- A. Service is furnished to the User for any lawful purpose. Service shall not be used for any unlawful purpose, nor used in such a manner as to interfere unreasonably with the use of Service by any other Users.
- B. The Service shall be used in a manner consistent with the terms of this tariff and the policies and regulations of the Federal Communications Commission and all state and local governmental authorities having jurisdiction over the Service.
- C. The Company reserves the right to refuse Service to individuals under the age of 18 and may require proof of age prior to the initiating Service.
- D. The Company may provide information regarding the Customer's use of Service to federal, state and local authorities, to the extent required by law.

2.7 Payment of Charges

1. The Customer is responsible for payment of all charges for Service furnished by the Company to the Customer or any other individual in possession of the wireless phone at the time the Service is provided. Charges for Service include but are not limited to charges for all local or toll calls originated by or completed to the User's wireless phone, connection fees, traveling airtime fees, roaming fees, recurring monthly service charges, deactivation fees, termination fees, late fees, and all applicable taxes and surcharges. This responsibility is not changed due to any unauthorized use or misuse of the Service by the Customer's employees, third parties, or the public. The Customer shall indemnify and hold the Company harmless from all costs, expenses, claims or actions arising from unauthorized use or misuse of any nature of the Service. The Customer shall not be excused from paying the Company for Service provided to the Customer or any portion thereof on the basis that unauthorized use or misuses occurred over the Service.
2. Interest, at the less of (a) the rate of one and one half (1.5) percent per month of (b) the highest rate allowed by law per month, may accrue upon any unpaid amount commencing ten (10) days after the date the bill is mailed by the Company. If the Company initiates legal proceedings to collect any amount due hereunder and the Company substantially prevails in such proceedings, then the defendant Customer shall pay the reasonable counsel fees and costs of the Company in prosecuting such proceedings and appeals therefrom.
3. A fee up to \$20.00 or the highest amount permitted by applicable law, whichever is less,

will be charged for any check or other negotiable instrument returned to the Company for any reason.

4. Bills are due and payable when tendered and are payable at the business office of the Company or at any other office designated by the Company.
5. Customers must notify the Company in writing of any disputed charges within fifteen (15) days of the billing date, otherwise all charges on the invoice will be deemed to be accepted. All charges remain due and payable at the due date, although a Customer does not have to pay disputed charges while the Company conducts its investigation into the matter. The Commission may review billing and any billing disputes.
6. Federal, state, and local sales, use, excise and other taxes or fees, where applicable, shall be added to the charges contained therein, unless the Customer provides a properly executed certificate of exemption from such taxes. It shall be the responsibility of the Customer to pay these taxes and to accept the liability of any such unpaid taxes that may become applicable. Certain taxes and fees are listed as separate line items and are not included in the quoted rates. All services are prepaid, and billing of services does not apply.

2.8 Suspension and Termination of Service

1. A Customer may terminate Service, with or without cause, by giving the Company notice. The Company may terminate Service at any time, with or without cause. If such termination occurs prior to the expiration of any minimum service period for which the Customer has executed a Service Agreement, charges may apply for the time remaining in the minimum service period. Recurring charges covering the current invoice cycle will be prorated and termination fees may apply.
2. Upon non-payment of any sum owing to the Company for more than ten (10) days beyond the date the bill for Service emailed by the Company, or upon violation of any of the terms or conditions governing the furnishing of Service under this tariff, or upon the initiation by or against the Customer of a proceeding in bankruptcy, reorganization, insolvency, receivership or assignment for the benefit of creditors, the Company may, without incurring any liability, terminate the furnishing of Service to the Customer under this tariff. The Company will provide a 5-day written notice, electronic notice via email or text before disconnection of a Customer for non-payment for Service.
3. The Company reserves the right to suspend, terminate or restrict Service without notice if it deems such action necessary to protect against fraud or to protect its personnel, agents, equipment, facilities or Service, or if the Customer has not provided a deposit or

prepayment as set forth in Sections E or F of this tariff. The Company may initiate measures, including but not limited to usage or geographic restrictions, to control fraudulent use of phones, tumbling fraud, and cloning fraud. The Company does not warrant or guarantee that it can prevent fraud. The Customer is responsible for the payment of all charges set forth in Section H of this tariff.

4. In lieu of termination for non-payment or tariff violations, the Company, in its sole discretion, may require that alternative payment arrangements are agreed to prior to completing additional calls.
5. The Company shall not be liable to any User for any damages resulting from an interruption of Service attributable to the termination or discontinuance of Service by the Company or the Customer.
6. Suspension or termination of Service for cause does not relieve the Customer of the obligation to pay all charges that have accrued under this tariff.

2.9 Provision of Wireless Phones

1. The Company shall not be responsible for the installation, operation or maintenance of any Customer provided equipment or facilities. Where such equipment or facilities are used in connection with the Service furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of the Service under this tariff and to the maintenance and operation of such Service, The Company shall not be liable to the Customer if changes in any of the Company's equipment, facilities, operations or Service (a) renders obsolete any of the Customer-provided equipment or facilities; (b) requires modification of the Customer provided equipment or facilities; or (c) otherwise affects the reception of signals by Customer-provided equipment or facilities.
2. The Customer or Authorized User must provide and maintain all wireless equipment and ensure that it is technically and operationally compatible with the Company's Wireless System and in compliance with applicable Federal Communications Commission rules and regulations.
3. The operating characteristics of the wireless phone equipment shall be such as not to interfere with the Service offered by the Company.
4. The purchase of a wireless phone from the Company does not compel the Company to provide the purchase with Service. The Company provides Service under the terms and conditions of this tariff and the Service Agreement, if any, between the Company and the

Customer.

5. Customers retain the sole responsibility for notifying the Company of a lost or stolen wireless phone. The Customer is responsible for all charges incurred to the Access Number prior to notifying the Company of the loss or theft.

2.10 Provision of E911 Services

1. Where facilities and operating conditions permit, 911 service may be provided by the Company. The Company, however, does not undertake to answer, forward or respond to 911 calls, but furnishes the use of its underlying carrier's facilities to route the 911 calls to the appropriate ESA within the Service Area. The Company offers this routing service solely as a public service and in handling assistance calls in connection with fire, police, and other emergencies and thereby does not create any relationship or obligation, direct or indirect, to any User, person, company, municipality, or other entity. Further, the Company cannot guarantee the routing or completion of any 911 call, the quality of the call or any features that may be otherwise provided with 911 service. Except in the event of the Company's willful misconduct, the Customer waives any claim of, and shall indemnify, defend and hold harmless the Company from and against any loss or damage arising from errors, interruptions, defects, failures or malfunctions of 911 service or any part thereof. The Company's entire liability to any person for interruption or failure of 911 service shall be determined under and limited by the terms set forth in this section and other sections of this tariff. The Customer agrees, except where the events, incidents or eventualities set forth in this sentence are the result of the Company's willful misconduct, to release, indemnify and hold harmless the Company from any and all losses, claims, demands, suits or other action or any liability whatsoever, whether suffered, made, instituted or asserted by the ESA, Customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss of or damage to any property, whether owned by the Customer, ESA or others. The Customer shall reimburse the Company for all costs, expenses and fees (including reasonable attorneys' fees and costs) incurred by the Company in its defense against such actions.
