MANAGEMENT PROFILES

Myatt Hancock – President

Myatt Hancock brings more than 35 years of leadership experience in telecommunications contracting, broadband infrastructure, and mortgage banking. He currently serves as President of Hancock Mortgage Partners, LLC, a position he has held since 2009.

Before entering the financial sector, Mr. Hancock founded and led multiple successful telecommunications construction companies, including Rockport Contracting, LLC (2007–2013), Broadband Systems Integration, Inc. (2002–2006), Fiber Technology, Inc. (1994–2001), North American Cable Corporation (1989–1993), and Cable Terminal Services, Inc. (1987–1989). His extensive background spans fiber-optic network construction, cable television infrastructure, and large-scale telecom project management.

Mr. Hancock's decades of experience in both telecommunications and business management provide a strong foundation for overseeing complex regulatory, technical, and operational requirements in the telecom industry.

Jeffrey Hancock – CEO

Jeffrey Hancock is the founder and owner of Rockport Fiber, LLC, which he has led since its establishment in January 2006. With more than 18 years of experience in the telecommunications and contracting industry, Mr. Hancock has developed extensive expertise in fiber-optic network construction, project management, and operational leadership.

Under his direction, Rockport Fiber has grown into a respected provider of telecommunications infrastructure services across multiple states, serving both private and public sector clients. Mr. Hancock is responsible for overseeing all aspects of the business, including project delivery, safety compliance, financial management, and strategic development.

His leadership and technical acumen have been instrumental in establishing Rockport Fiber's reputation for quality, reliability, and professionalism in the telecom construction sector. Mr. Hancock holds a bachelor's degree from the University of Texas and an MBA from the Acton School of Business. He resides in Houston, Texas.

Perfect — that gives me a great base to work from. Like with Jeff's, we'll keep the strong professional tone but make it slightly more **regulatory-friendly and concise**, trimming personal details that aren't relevant to the CLEC filing while emphasizing management and technical depth.

Mark Marshall – Chief Operating Officer

Mark Marshall serves as the Chief Operating Officer of Rockport Fiber, LLC. An industry veteran with more than 30 years of experience in telecommunications construction and operations, Mr. Marshall has been with the company since its inception, overseeing all aspects of field operations, construction management, and project execution.

Prior to joining Rockport Fiber, Mr. Marshall held senior leadership positions with North American Cable Corporation and Fiber Technology, Inc., where he gained extensive experience in network infrastructure development and large-scale telecom deployment. His operational expertise and leadership have been central to Rockport Fiber's continued growth and reputation for quality service delivery.

Mr. Marshall resides in the Houston, Texas area.
