Regarding our rate increase request in September 2025, we have elected to remove the Security Guard Services from our tariff. The reason for this is that we have not provided these services through Mid-River Marine for more than 10 years. We used to have an agreement with a local company that has since, gone out of business. Therefore, the rates in the tariff can no longer support those services and we have elected to no longer market the same.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance.

Sincerely,
