**Re: Entergy Louisiana, LLC Test Year 2022 Gas Rate Stabilization Plan Filing,
(LPSC Docket No. U-36682)**

Dear Ms. Bordelon:

On February 24, 2023, Entergy Louisiana, LLC (“ELL”) submitted its Evaluation Report for the test year ending September 30, 2022 regarding ELL’s gas distribution business. This correspondence confirms that, as required by La. Const. Art. 4, Sec. 21(D)(1), ELL has given notice “by publication in the official state journal and in the official journal of each parish within the geographical area in which the schedule would become applicable.” As proof that the publications have occurred, ELL attaches for your further handling an original and three copies of the tear sheets from each journal. Please retain the original and two copies for your files and return a date-stamped copy in the enclosed self-addressed stamped envelope.

Should you have any questions regarding any of the above, please don’t hesitate to contact me, and thank you for your assistance in this matter.

Sincerely,

Erin M. Murphy

NOTICE

Notice is hereby given, pursuant to article IV, section 21 (D)(1) of the Louisiana Constitution, that on February 24, 2023, Entergy Louisiana, LLC ("ELL"), an electric and natural gas public utility having facilities to permit the local distribution of natural gas to residential, commercial, and municipal customers in East Baton Rouge Parish, filed with the Louisiana Public Service Commission ("LPSC" or "Commission") its Evaluation Report pursuant to its Gas Operations Rate Stabilization Plan ("RSP") for the test year ended September 30, 2022 ("TY 2022"), per the Commission's approval at the February 16, 2023 Business & Executive Session of an extension of the RSP under the terms of the Uncontested Stipulated Settlement in Docket No. U-36338. ELL's Gas Operations RSP filing, if approved by the Commission as filed, will result in a rate increase of approximately \$6,427,907, effective with the first billing cycle of May 2022.

ELL's RSP filing for the TY 2022 Test Year reflects an Earned Return on Equity ("EROE") of 1.04% and pursuant to the terms of the RSP, this EROE requires a rate adjustment by ELL. It is estimated that the rate increase will have the following effect on typical monthly customer bills: a Small General Service customer using 50 CCF will increase \$6.90, from \$72.68 to \$79.58; a General Service customer using 1000 CCF will increase \$104.07, from \$1,177.41 to \$1,281.48; and a Large General Service customer using 10,000 CCF will increase \$683.02, from \$10,609.21 to \$11,294.23.
