LPSC Docket No. U-29764;

Dear Ms. Bordelon:

At the December 2016 Business & Executive Session of the Louisiana Public Service Commission ("LPSC" or the "Commission"), the Commission approved the recommendations set forth in the Report of the Louisiana Public Service Commission Staff Regarding Entergy System Agreement Termination filed in LPSC Docket U-29764 on August 25, 2016. In its report, among other things, Staff recommended that "the Commission should require Entergy to make a filing of the costs [Entergy Louisiana, LLC] ELL incurred for services provided by [Entergy Services, Inc.] ESI for Commission review after a year of actual data is available, by November 1, 2017, that shows the service company costs that are being billed directly and allocated to ELL under the service company agreements. The filing should also include the costs billed directly and allocated to the other operating companies for comparison purposes." Enclosed please find an original and three copies of the ELL's filing in accordance with the
