The following are the only symbols used for the purposes indicated below:

- D - Deleted or Discontinued Material
  - I - Change Resulting In A Rate Increase

  - N - New Material
  - R - Change Resulting In A Rate Reduction
  - T - Change In Text Only, No Change In Rate

## TARIFF FORMAT

**A. Sheet Numbering-** Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff! When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

**B. Sheet Revision Numbers -** Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff pages in effect. Consult the check sheet for sheet currently in effect.

**C. Paragraph Numbering Sequence -** There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.

**D. Check Sheets -** When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk(\*). There will be no other symbols used on the check sheet if these are the only changes made to it (*i.e.*, the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Louisiana Public Service Commission.

## SECTION 4- RATES (Cont'd)

### 4.4 Special Pricing Arrangements - ICB

In lieu of the rates otherwise set forth in this tariff, rates and charges, including installation and recurring charges, may be established at negotiated rates on an individual case basis ("ICB"), taking into account such factors as the nature of the services, the costs operation, the volume of traffic commitment, and the length of service commitment by Customer, as long as the rates and charges are not less than Carrier's costs of providing the service. Such arrangements shall be considered special pricing arrangements, the terms of which will be set forth in individual contracts or Customer term agreements. Specialized pricing arrangement rates or changes will be made available to similarly-situated Customers on comparable terms and conditions. Upon reasonable request, Carrier will make the terms of these contracts available to the Commission and its staff for review on a confidential and proprietary basis. The rates will be made a part of this tariff.
