*Re: Sprint Waste Services, LP – Application for Stock Transfer or Change in Ownership  
Greater than 50% for Common Carrier of Waste Certificate No. 7752-B and Common  
Carrier of Saltwater No. 8097*

Dear Ms. Burl:

Please see attached an Application for Stock Transfer or Change in Ownership Greater than 50% for Common Carrier of Waste Certificate No. 7752-B and Common Carrier of Saltwater No. 8097 being submitted on behalf of our client, Sprint Waste Services, LP (“SWS”). The owners of SWS are selling 100% of their ownership interest to WCA Waste Systems, Inc (99.99%) and WCA GP LLC (.01%) which are subsidiaries of GFL Environmental, Inc, publicly traded waste management company. SWS will continue to operate as an independent entity with no change in Tax ID, DOT, or other operating permits.

Please note also that this change of ownership has occurred and SWS requests that the change of ownership be approved under the “good faith” provision in Section (I)(B) of the LPSC General Order R-35298, dated 10-8-2019, *In re: Amendments to the General Order dated March 26, 2019 regarding Commission approval required for sales, mergers, stock or asset transfers, and other changes of ownership or control of motor carriers*, for the following reasons:

1 – Regulatory Issues - WCA Waste Systems, Inc is a subsidiary of GFL Environmental, Inc, which is a publicly traded company. Disclosure of transactions of this size and nature are restricted until made public in accordance with SEC and other regulatory requirements.

2 – Dept of Justice (DOJ) Clearance - The Companies sought clearance from the DOJ which evaluated the transaction for compliance and anti-competitive issues. The Companies believed

Ms. Burl  
May 24, 2022  
Page 2

that this clearance would incorporate any LPSC issues that might arise. The DOJ had no objections to the transaction.

3 – Intent was Achieved - Based upon review of the criteria set forth in the application, the parties believed they would qualify for approval without issue. Specifically, the Permit has been continuously active, the Buyer has substantial financial ability, insurance coverage, equipment, all necessary permits and a well-established safety program. Additionally, there is no change in local management, local safety protocols, employees or day-to-day operations. Employees would benefit from the transaction in the form of improved benefits and professional advancement opportunities. The Companies believe the intent of the review/application process was fully achieved.

4 – Confidentiality – Both companies entered into a strict confidentiality agreement. The disclosure requirements in the Application process may have (i) raised the risk of disclosure to the public which could potentially violate other regulatory issues (#1 above); (ii) increased the risk of competitive disadvantages for SWS.

Please consider also SWS's history of compliance and positive contributions to Louisiana's industry and economy, and the potential negative impacts if this change of control request is not approved. SWS provides service to a wide range of customers throughout the Louisiana Gulf Coast. If the change is not approved, there would be a significant gap in service availability. SWS has excelled in its ability to integrate a comprehensive package of waste related services (e.g.- one stop shop) to its customers. This integrated service model improves the efficiency and cost of services to our customers. If SWS's services cease, customers will see an increase in cost, reduction in efficiency, and a negative impact on their operations. Further, SWS's two terminals employ 59 people with payroll in excess of \$4 Million per year. These employees are all local and support the community. A non-approval of SWS's change of control will have negative impacts on these employees and the communities. SWS is also an "essential" business as evidenced by government regulators allowing the company to operate under special DOT rules in times of emergency. Additionally, the industries the Company services (petrochemical, refinery, and critical infrastructure) are under significant pressure to increase production. A denial of the change in ownership would have a potentially drastic and damaging effect on the Louisiana economy in the areas the company operates. This reduction in capacity and elimination of a large service provider, coupled with the nation's current supply chain issues, could result in aggravating the already stretched supply chain of critical goods and services needed across the country.

Considering the above, SWS has exercised honesty in belief and purpose, been faithful to its corporate duties and obligations, observed reasonable commercial standards of fair dealing for publicly traded corporations, and had no intent to defraud or seek an unconscionable advantage. Accordingly, SWS should be found to have met the requirements for the "good faith" provision of this LPSC General Order.

We look forward to working with you to complete this matter and request. Should you have any questions, please contact me. Thank you and kindest regards.

Ms. Burl

-------------------	-----------	-----------------

**BANKRUPTCY, LEVY AND RECEIVERSHIP INFORMATION****SECTION 6**

(If additional space is needed, attach a separate sheet for each responses as needed)

1. Is the certificate holder current with inspection and supervision fee reports and payments with the Louisiana Department of Revenue?

☐ NO  
☒ YES

*Copies of the Certificate or Permit Holder's last 4 quarters of Quarterly Inspection & Supervision Reports filed with the LDR along with proof of payments MUST be attached to this application as Exhibit "D".*

2. Is the common carrier certificate or contract carrier permit pledged or otherwise encumbered?

☒ NO  
☐ YES\*

\*If you answered yes to number 2, give the names and addresses of those whose favor the authority is encumbered:

3. Does the Louisiana Department of Revenue and taxation hold a levy against this the common carrier certificate or contract carrier permit?

☒ NO  
☐ YES\*

\*If you answered yes to number 3, attach a copy of the Notice of Levy to this application as an **Exhibit**

4. Are there any other levies against the common carrier certificate or contract carrier permit?

☒ NO  
☐ YES\*

\*If you answered yes to number 4, attach copies of the levies to this application as an **Exhibit** and list the names and addresses of parties holding the levies; the nature of the levies and amount(s) claimed under each levy below.

5. Is the applicant involved in any bankruptcy proceeding?

☒ NO  
☐ YES\*

\*If you answered yes to number 5, attach a copy of the Notice of Bankruptcy to this application as an **Exhibit** and list the name(s) of counsel for the party(s) with an interest in the common carrier certificate or contract carrier permit below:

## **FACTORS FOR CONSIDERATION FOR CHANGE IN CONTROL**

### **SECTION 7**

(If additional space is needed, attach a separate sheet for each responses as needed)

1. Please provide details for the history of compliance with regulatory authorities in the state or any other jurisdiction.

Sprint Waste Services, LP has a superior compliance history with all regulatory authorities in all jurisdictions where it operates. This focus on safe and compliant operations is the cornerstone of the business, ensuring the employees, customers and general public are not negatively impacted by the operations of the business. WCA Waste Systems, Inc/GFL Environmental has a strong safety and compliance record and plans to keep Sprint Waste Services, LP's systems in place and provide enhanced support and capabilities to ensure the highest levels of safety and compliance remain in effect. See the attached information regarding our permits, safety scores, OSHA compliance etc.

2. Please provide details whether the change of control is fair and reasonable to the employees of the applicant.

The change in control will be fair and reasonable to all of the employees of Sprint Waste Services, LP. There will be no reduction in personnel or workforce at the St Gabriel and Westlake terminals and the benefit programs offered under the WCA Waste Systems, Inc employee package has a number of significant enhancements and benefits compared to the employee's current plan under Sprint Waste Services, LP, including lower cost of health coverage, increased matching contributions under the new 401K plan (and immediate vesting of all matching funds), as well as additional maternity, sick leave and FMLA benefits. In addition to the improved benefit plans, the change of control will provide employees with significantly great professional development opportunities as well including (i) increased management positions in the company (ability to relocate if local positions are not available); and (ii) additional training opportunities/resources.

3. Please provide details of the impact which the change in control will have on the management and operations of the applicant.

The management and operation of the St Gabriel and Westlake terminals of Sprint Waste Services, LP will remain intact and there will be no change in the day-to-day operation or business operations at either facility as a result of the change in control. These two terminals are currently managed locally and supported by Sprint Waste Services, LP HR, Safety, IT, and Ops Management teams from Houston, TX. This operating model and support services is going to remain unchanged. However, additional resources and personnel from WCA Waste Systems, Inc will be available to enhance the safety and service capabilities of these terminals. These additional resources include greater access to equipment, operating infrastructure, customer service support and regulatory compliance expertise. See additional comments on attached.

4. Has the common carrier certificate or contract carrier permit been dormant? ☒ NO ☐ YES\*

*\*The Commission will not approve the sale, lease, transfer or change in control of a dormant certificate or permit. A dormant certificate/permit is a certificate/permit that has not been substantially operated for the six months prior to the sale, lease, transfer or change in control, other than due to bankruptcy, receivership, or other legal proceedings, or to other causes beyond the carrier's control. Whether a carrier substantially operated a certificate is determined on a case-by-case basis by the administrative law judge, hearing officer, or Commission.*
