Re: Informational Filing Regarding Entergy Services, LLC's Potential Request for Proposal for Long-Term Developmental Combined-Cycle Combustion Turbine Resources (LPSC Docket No. X-37450)

Dear Mr. Frey:

This correspondence constitutes the Informational Filing regarding Entergy Services, LLC's Potential Request for Proposal ("RFP") for Long-Term Developmental Combined-Cycle Combustion Turbine Resources, which RFP is being conducted on behalf of Entergy Louisiana, LLC and is the subject of the ongoing docket captioned above. Specifically, this submittal is intended to comply with paragraph 8 of the General Order commonly referenced as the "Market Based Mechanisms" or "MBM" Order.¹ The information required by that provision of the MBM Order is contained within the RFP documents available at the following website: <https://spofossil.entergy.com/ENTRFP/SEND/2024CCCTRFP/Index.htm>. Due to the voluminous nature of the documents contained on the RFP site, ELL has not submitted printed copies of the documents in conjunction with this Informational Filing, consistent with past practice for similar proceedings.

Please retain the original and two copies of this letter for your files and return a date-stamped copy to me in the enclosed, self-addressed envelope. If you have any questions, please do not hesitate to call me. Thank you for your courtesy and assistance with this matter.

Sincerely,

Harry M. Barton

¹ See, General Order (October 29, 2008), In re: Possible Suspension of, or Amendments to, the Commission's General Order dated November 3, 2006 (Market Based Mechanisms Order) to Make the Process more Efficient and to Consider Allowing the Use of On-Line Auctions for Competitive Procurement, Docket No. R-26172, Sub Docket C. As noted in the Joint Notice of Bidders and Technical Conference submitted into the record of this proceeding by ELL and the Commission Staff on December 13, 2024, the October 29, 2008, version of the MBM Order applies to the instant proceeding. Although the Commission adopted (on October 14, 2024) revisions to the MBM Order, the record of the proceedings at which the vote was held makes clear that the recently amended version of the MBM Order does not apply to the instant RFP, which was noticed in July 2024. See, Transcript of September 17, 2024 Business and Executive Meeting at pg. 54, lines 5-7 ("It is Staff's intention that the Commission's adoption of any of these rules would only apply prospectively after the issuance of an order in this proceeding.").

Mr. Brandon M. Frey
