**Re: Quanta Telecommunication Solutions, LLC d/b/a RBL Fiber Grid –
Application for Certificate of Authority to Provide Telecommunications
Services as a Competitive Access Provider throughout Louisiana**

Dear Mr. Frey,

Enclosed for submission please find one original and five (5) copies of the above-referenced application of Quanta Telecommunication Solutions, LLC, d/b/a RBL Fiber Grid (“Applicant”) for a Certificate of Authority to Provide Telecommunications Services as a Competitive Access Provider throughout Louisiana (“Application”). A check in the amount of \$250.00 for filing fees is also enclosed.

Please note that Exhibit 3 (Financial Information) to the Application contains confidential and proprietary information. Accordingly, pursuant to Rule 12.1 of the Commission’s Rules of Practice and Procedure, Applicant respectfully requests that Exhibit 3 (Financial Information) be kept confidential and exempt from public disclosure.

I have included an extra copy of this cover letter to be date-stamped and returned to me in the enclosed stamped, self-addressed stamp envelope.

Please direct any questions regarding this filing to the undersigned.

Respectfully Submitted.

APPLICATION FOR CERTIFICATE OF AUTHORITY

COMES NOW, Quanta Telecommunication Solutions, LLC, d/b/a RBL Fiber Grid (“RBL Fiber” or “Applicant”) to respectfully request that the Louisiana Public Services Commission (“Commission”) grant to RBL Fiber a certificate of authority to provide telecommunications services as a competitive access provider throughout Louisiana.

In support of this Application, pursuant to Section 301(E) of the Regulations for Competition in the Local Telecommunications Market, RBL Fiber states as follows:

Section 301(E)(1) – Applicant Information

The legal name of Applicant is Quanta Telecommunication Solutions, LLC, d/b/a RBL Fiber Grid.

The address and telephone number of Applicant are as follows:

10000 Energy Dr.
South Tower, Suite 400
Spring, Texas 77389
Telephone: (832) 634-0010
Website: <http://www.quantatelcom.com/>

Section 301(E)(2) – Principal Corporate Officers

The names of the Applicant’s principal corporate officers are:

Name	Title
Robert McGee	President
Jerrod Henschel	President, East Region Quanta Telecom Solutions
Todd Fisher	President, West Region Quanta Telecom Solutions
Leslie Sackett	Chief Financial Officer / Vice President

All of the individuals listed above can be reached at RBL Fiber’s address the following address:

Quanta Telecommunication Solutions, LLC
d/b/a RBL Fiber Grid
10000 Energy Dr.
South Tower, Suite 400
Spring, Texas 77389

Section 301(E)(3) – Louisiana Officers/Employees

Same as above.

Section 301(E)(4) – Business Structure

Quanta Telecommunication Solutions, LLC, d/b/a RBL Fiber Grid, was organized as a limited liability company under the laws of Delaware on February 25, 2016,¹ and is in good standing under the laws of that state. A copy of Applicant’s Certificate of Formation, as amended on June 23, 2021, is attached as **Exhibit 1**. Applicant has no affiliate entities offering

¹ The company was initially organized under the name Quanta Telecommunications Services, LLC. A Certificate of Amendment reflecting the name change from Quanta Telecommunications Services, LLC to Quanta Telecommunication Solutions, LLC was filed with the Delaware Secretary of State on June 23, 2021.

and/or providing telecommunications services in Louisiana.

Section 301(E)(5) – Authorization to Transact Business in Louisiana

A copy of Applicant’s Authority to Transact Business as Louisiana foreign limited liability company is attached as Exhibit 2.²

Section 301(E)(6) – Registered Agent for Service of Process

The name, address and telephone number of the Applicant’s Louisiana agent for service of process is as follows:

Corporation Service Company
450 Laurel Street, 8th Floor
Baton Rouge, LA 70801

The name, address and telephone number of the individual responsible for and knowledgeable about the Applicant’s operations and who is to serve as liaison of the Applicant for all purposes (other than as set forth in response to Section 301(E)(9) with respect to repairs and maintenance) is:

Robert McGee
President
Quanta Telecommunication Solutions, LLC
d/b/a RBL Fiber Grid
10000 Energy Dr.
South Tower, Suite 400
Spring, Texas 77389

Section 301(E)(7): Managerial, Financial, and Technical Abilities

To demonstrate its financial qualifications, Applicant is providing a copy its balance sheet for the year ending December 31, 2024 as Confidential Exhibit 3. Pursuant to Rule 12.1 of the Commission’s Rules of Practice and Procedure, Confidential Exhibit 3 is trade secret,

² See note 1 regarding name change.

proprietary and/or confidential information, and not necessary to be disclosed to the public, and thus, shall be kept confidential and shall be exempt from public disclosure.

Applicant has the managerial and technical experience necessary to hold a certificate of public convenience and necessity to provide telecommunications services as a competitive access provider throughout Louisiana. A subsidiary of Quanta Services, Inc. (“Quanta”),³ RBL Fiber’s business consists of designing, engineering, owning and operating fiber optic facilities and networks. RBL Fiber and its affiliates have extensive experience in providing dark fiber leasing and middle-mile transport services in Louisiana and surrounding regional markets. As noted above, RBL Fiber’s operations in Louisiana will be under the leadership of Robert McGee, an industry veteran with more than 25 years of experience in network maintenance, operations, engineering and construction. In addition to Mr. McGee, RBL Fiber’s leadership team will consist of seasoned executives with decades of experience in the telecommunications industry. Professional biographies of key management personnel are attached hereto as **Exhibit 4**.

Section 301(E)(8): Services and Service Area

As explained above, Applicant’s business consists of designing, engineering, owning and operating fiber optic facilities and networks. As part of its business, RBL Fiber offers its services to wholesale carriers, ISPs, utilities, and enterprise customers. Currently, RBL Fiber’s services include grants of infeasible rights of use of dark fiber. By this Application, RBL Fiber seeks authority to provide competitive access services, which may include the provision of lit and managed fiber-based telecommunications services pursuant to tariffs, as applicable. In

³ Quanta is a publicly traded company (NYSE:PWR) and industry leader in providing specialized infrastructure solutions to the utility, renewable energy, technology, communications, pipeline and energy industries. Quanta’s comprehensive services include designing, installing, repairing and maintaining energy and communications infrastructure.

Louisiana, Applicant proposes to focus its initial service offerings on middle-mile and enterprise transport routes connecting key metropolitan areas, data centers, and carrier points of presence (POPs). A map showing Applicant's core fiber route is attached as Exhibit 5, and Applicant seeks authority to provide services in geographic areas adjacent to this fiber route.

Section 301(E)(9): Repair and Maintenance Information

The name, address and telephone number of the individual to whom inquiries relating to repairs and maintenance should be directed is:

Josh Buck
1000 Energy Drive
South Tower, Suite 400
Spring, Texas 77389
(800) 979-0549

Section 301(E)(10): Other Jurisdictions

The Applicant is in the process of applying to operate as a telecommunications services provider and/or to offer telecommunications services in Texas. The Applicant has not been denied any requested authority by any state.

Section 301(E)(11): Tariffs

An illustrative tariff in compliance with the requirements in Section 401 of the Commission's Regulations is attached as Exhibit 6.

* * *

Grant of this Application will facilitate the expansion of middle-mile and enterprise connectivity across Louisiana, thereby enhancing broadband deployment. RBL Fiber seeks to deploy resilient, diverse fiber routes that support critical infrastructure and emergency services, which will strengthen network reliability. This, in turn, will support economic development by attracting and retaining businesses that require reliable infrastructure for their operations. Lastly,

grant of the Application will advance competition in the provision of wholesale and enterprise fiber solutions to ISPs, utilities, and carriers. Accordingly, grant of this Application is in the public interest.

WHEREFORE, Quanta Telecommunication Solutions, LLC, d/b/a RBL Fiber Grid, respectfully prays, pursuant to Section 301(E) of the Louisiana Public Service Commissions Regulations for Competition in the Local Telecommunications Market, that the Louisiana Public Service Commission (1) grant this Application for a certificate of authority to provide telecommunications services as a competitive access provider throughout Louisiana; (2) treat information attached hereto as **Confidential Exhibit 3** as confidential and proprietary in accordance with LPSC Rule 12.1; and (3) provide all other relief appropriate under the law and the facts.

Respectfully submitted,

Robert McGee

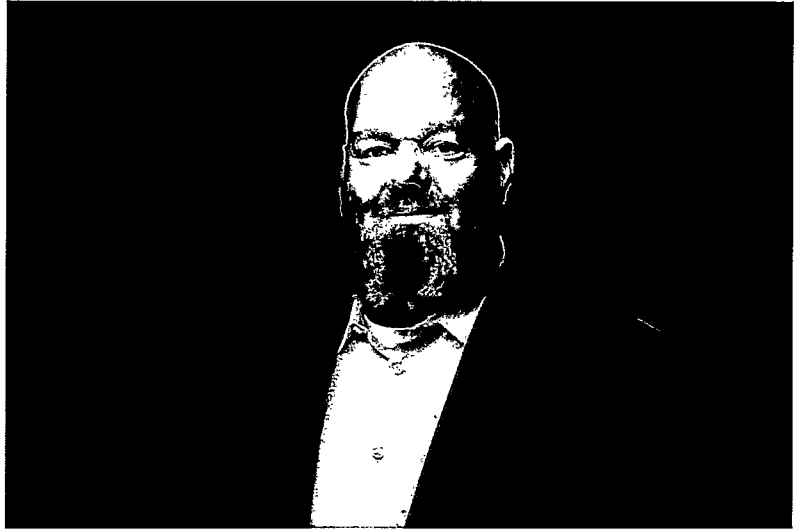

Exhibit 4
Key Management Biographies

Rob McGee

President; Quanta Telecom Solutions

Sr. Vice President; Quanta Services

Robert (Rob) has been in the Telecom industry for just under 25 years. Began with GTE as an IBEW technician in Bloomington, IL in 1997 and held a variety of technician positions until moving into management in 2001. Throughout his 20 plus years he has held a variety of positions in network maintenance, operations, engineering and construction. Rob was the Director for FTTP (Dallas) with Verizon, Director Global Transport Engineering and Implementation and then Executive Director 1 fiber before transitioning to Quanta in January 2021. Rob served in the United States Army and was part of the Enduring Freedom post 9/11 campaign. Rob attended Illinois State University in Normal, IL and has lived in the Dallas Fort Worth area since 2003.

Jerrod Henschel

President; East Region Quanta Telecom Solutions

Jerrod Henschel is a senior executive with more than 30 years of experience leading large-scale projects in telecommunications, underground utilities, renewable energy, and heavy civil construction. He currently serves as President, East Region for Quanta Telecom Solutions, where he oversees operations and strategic growth across one of the nation's most critical broadband markets. In this role, Jerrod directs large-scale construction initiatives that deliver fiber-to-the-home, middle-mile, and long-haul networks for major carriers and utility partners.

Prior to joining Quanta Telecom Solutions, Jerrod was President of Mears Broadband, LLC, where he led broadband construction operations nationwide. Under his leadership, Mears executed complex network builds and advanced Quanta's mission to expand connectivity through scalable and efficient EPC delivery models.

Jerrod's career includes serving as President & CEO of Equix Inc., where he oversaw more than \$1 billion annually in telecom, water/wastewater, gas distribution, pipeline, railroad, and renewable projects, including major wind and solar installations. Earlier, he spent over two decades at Michels Corporation, advancing from field roles into senior leadership as Senior Group Vice President, where he managed multimillion-dollar programs in telecom, power, tunnelling and heavy civil infrastructure construction, including projects outside of the continental United States.

In addition to his executive responsibilities, Jerrod has made significant contributions to the industry through leadership roles in key associations. He served as Chair of the Power & Communication Contractors Association (PCCA), where he was recognized with the 2023 Distinguished Service Award, and as Chair of the Damage Prevention Action Center (DPAC). He is also an active member of the Common Ground Alliance (CGA), promoting workforce development, safety, and damage prevention.

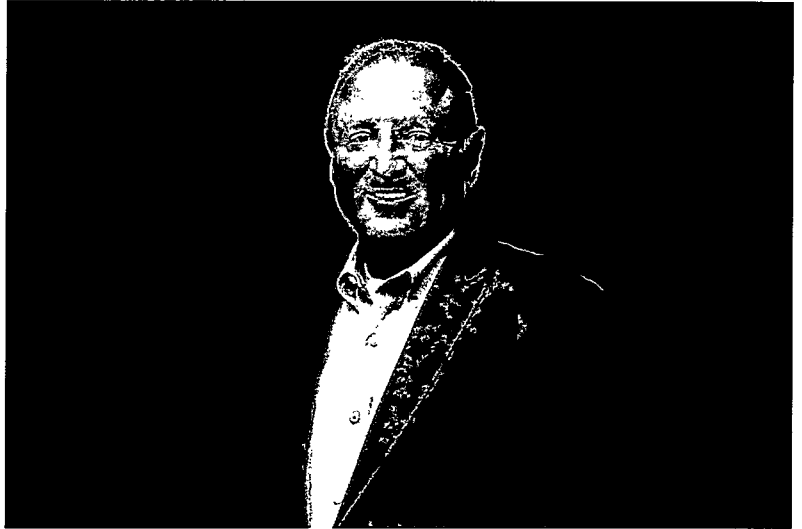

Todd Fisher

President; West Region Quanta Telecom Solutions

Todd Fisher is a seasoned telecom executive with more than 25 years of experience leading engineering, construction, and operational teams across the telecommunications industry. He currently serves as President, West Region at Quanta Services, Inc., where he oversees strategic telecommunications operations across Quanta's extensive Western U.S. footprint.

Todd's career foundation began as the Founder and CEO of FiberTel Inc., a telecom construction firm he grew and managed successfully for more than two decades, along with DrillRite Directional Boring, a specialized utility construction company focused on underground telecom infrastructure.

In addition to his executive responsibilities, Todd has served as a Board Director and Shareholder for Simplicity since 2009, contributing to governance and long-term strategy in telecom-aligned services. His career highlights include navigating ownership transitions, scaling entrepreneurial ventures into corporate enterprises, and applying deep expertise in directional boring and underground utility construction.

Allen Hemrich

Sr. Vice President, Operations - Quanta Telecom Solutions

Allen Hemrich is a senior executive with more than 30 years of leadership experience in broadband infrastructure and utility construction. He currently serves as Senior Vice President of Operations where he directs multi-state operations and leads large-scale broadband deployment programs, including fiber-to-the-home, middle-mile, and long-haul projects.

Throughout his career, Allen has built a proven track record of overseeing complex programs, driving operational performance, and ensuring compliance in highly regulated environments.

Allen has also held senior leadership roles at Equix and Ledcor, where he spent two decades scaling telecom and utility construction operations nationwide. His early career foundation includes project management and field supervision roles at C&S Contract Services, Hudson Company of Tennessee, and Fisher Excavating, giving him deep expertise in every layer of construction management—from field execution to executive oversight.

Allen holds an MBA from Tulane University's A.B. Freeman School of Business and maintains multiple state contractor licenses across the Southeast, serving as a Responsible Managing Employee (RME) in Alabama, Arkansas, Louisiana, Mississippi, and Tennessee.

Mike Rakoz

Telecom Executive; West Region Quanta Telecom Solutions

Mike Rakoz is a seasoned telecom and construction executive with more than three decades of experience leading large-scale infrastructure initiatives across the United States. His career began in the early 1990s with Underground Specialties, Inc. (USI), where he advanced from operator to vice president, playing a pivotal role in the first wave of nationwide internet deployment and pioneering new technologies such as air-assist fiber installation through Fiber Flow.

In 2001, after selling USI and Fiber Flow to Arguss (later acquired by Dycom), Rakoz became President of U.S. Communications and USI under Dycom Industries. There, he expanded service lines and oversaw multimillion-dollar CLEC and ILEC builds nationwide. He went on to acquire Robinson Brothers Construction (RBC) in 2006, where he led extensive telecom and energy projects—including large-scale data center connectivity builds, FTTH deployments, and the development of 20 wind park collection systems across the country.

When RBC was acquired by Quanta Services, Rakoz remained as President for three years before taking on a Western Regional Telecom Executive role, where he continues to drive nationwide subsidiary growth, fiber connectivity between data centers, and advanced AI lateral and metro ring deployments.

Throughout his career, Rakoz has been recognized for guiding companies through acquisitions and growth cycles, stabilizing operations during industry disruptions, and positioning teams for long-term success. His leadership has helped establish Quanta's telecom platform as a national leader in full-service EPC delivery, with a reputation for innovation, execution, and operational excellence.

Rakoz studied at Clark College and Pacific University and served in the Army National Guard from 1986 to 1992.

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper-right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the Tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 10 and 11 would be 11.1.
- B. Sheet Revision Numbers - Revision numbers appear in the upper-right corner of the sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 10 cancels the 3rd revised Sheet 10. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the check sheet for sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i)
 - 2.1.1.A.1.(a).I.(i).(1)
- D. Check Sheets - When a Tariff is revised, an updated check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the Tariff cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The Tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current sheet on file with the Commission.

SECTION 2 - RULES AND REGULATIONS

2.1 Company Undertaking

2.1.1 Company provides services to other carriers and private entities on an as-negotiated, case-by-case basis and subject to the availability of facilities. Each Customer interested in Company's services may make request for Company's proposals or competitive bids. After receipt of a Company proposal or bid, which may include non-recurring costs for construction and other charges where Company deems new or additional facilities are needed to accommodate the service, the Customer and Company will negotiate the terms and conditions, including pricing, applicable to the provision of services it desires to procure on an individual basis. All negotiated terms and conditions shall be consistent with the provisions of this Tariff and shall be governed and interpreted in accordance with the laws of the State of Louisiana. Although terms may be subject to individual negotiations with customer on a case-by-case basis, Company and Customer may not negotiate any terms, or add any provisions, which prevent, impede, hinder, or are otherwise in contravention with the term stating that the tariff is governed and interpreted according to the laws of Louisiana.

2.1.2 Company does not provide retail telecommunications services directly to end-users. Company is not responsible for, and this Tariff does not relate to, the establishment of rates or regulations pertaining to the provision of any retail telecommunications services provided directly to end-users by other carriers or private entities who use Company's services to provision such services.

2.2 Limitations on Service

2.2.1 Company's services are available twenty-four (24) hours per day, seven (7) days per week, subject to individually negotiated terms and conditions.

2.2.2 Company's services are provided on a statewide basis and are not intended to be limited geographically.

2.2.3 Company may rely on third parties to provide all or a portion of Company's services. The election of such third-party vendors is made by Company. Company reserves the right to change such third-party vendors at any time.

2.2.4 Company's services are offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this Tariff.

2.2.5 Subject to individually negotiated terms and conditions, Company reserves the right to discontinue furnishing service upon written notice, when necessitated by conditions beyond its control, which may include, but not limited to, loss of or significant cost increases associated with any services, facilities, rights of way, or other inputs provided by third parties, or when the Customer is using the service in violation of the provisions of this Tariff or in violation of the law.

2.2.6 Title to any equipment provided by Company under these regulations remains with Company. Prior written permission from the Company is required before any assignment

or transfer. All regulations and conditions contained in this Tariff shall apply to any assignee or transferee.

2.2.7 Company does not transmit messages, but the services may be used for that purpose.

2.3 Use of Service

2.3.1 Company's services may be used for any lawful purpose consistent with the transmission and switching capabilities of the telecommunications facilities utilized in the provision of services.

2.3.2 Company's services may not be resold by Customer, but be arranged for joint use or authorized use subject to the individually negotiated terms and conditions applicable to such services.

2.4 Limitation of Liability

2.4.1 Company shall not be liable to any person, firm or entity for damages, either direct, indirect, consequential, special, incidental, actual, punitive, or for any other damages or lost profits arising out of mistakes, accidents, errors, omissions, interruptions, delays or defects in transmissions and not caused by the negligence of the Company, commencing upon activation of service and in no event exceeding an amount equivalent to the proportionate charge to the Customer for the period of service during which mistakes, accidents, errors, omissions, interruptions, delays or defects in transmission occurred.

2.4.2 Company makes no warranty, whether express, implied or statutory, as to the description, quality, merchantability, completeness or fitness for any purpose of the service or local access, or as to any other matter, all of which warranties by Company are hereby excluded and disclaimed.

2.4.3 Subject to individually negotiated terms and conditions, Company may indemnify the Customer and hold it harmless in respect to any and all loss, damage, liability or expense asserted against the Customer by a third party on account of any property damage or personal injury caused by any negligence or willful misconduct of Company or its agents or representatives arising out of performance by Company of any testing or other activities on the Customer's premises pursuant to this Tariff. Company's obligations under the immediately preceding sentence shall be subject to the Customer's full performance of this Tariff and subject further to the Customer's duty to take reasonable precautions in the location, construction, maintenance, and operation of all activities, facilities and equipment for the protection against hazard or injury and to not interfere with the services provided by Company.

2.4.4 Subject to individually negotiated terms and conditions, Company shall be indemnified and held harmless by the Customer against:

- A. Claims for libel, slander, infringement of copyright or patent infringement, unauthorized use of any trademark, trade name or service mark arising out

Effective Date: _____

of the material, date information, or other content transmitted over the Company's facilities; and

B. All other claims arising out of any act or omission by the Customer in connection with any service provided by Company.

2.4.5 All language in this Section may be subject to individual negotiation on a case-by-case basis. The language set forth in this Section does not constitute a determination by the Commission that a limitation of liability imposed by the Company should be upheld in a court of law. Acceptance for filing by the Commission recognizes that it is a court's responsibility to adjudicate negligence and consequential damage claims. It is also the court's responsibility to determine the validity of the exculpatory clause.

2.5 Interruption of Service

A credit allowance for interruptions of service which are not due to Company's testing or adjusting, to the negligence of the Customer, or to the failure of the channels, equipment and/or communications systems provided by the Customer, are subject to the general liability provisions set forth in this Tariff, which in turn are subject to individually negotiated terms and conditions. It shall be the obligation of the Customer to notify Company of any interruption in service. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission by or within the Customer's control.

2.6 Restoration of Service

The use and restoration of service in emergencies shall be in accordance with the Part 64, Subpart D of the Federal Communication Commission's Rules and Regulations which specifies the priority system for such activities.

2.7 Credit Allowance

No credit shall be issued for the unavailability of Company's services.

2.8 Customer Responsibility

2.8.1 General

All Customers assume general responsibilities in connection with the provisions and use of Company's service. When facilities, equipment, and/or communication systems provided by others are connected to Company's facilities, the Customer assumes additional responsibilities. In addition to any applicable individually negotiated responsibilities of a Customer, all Customers are responsible for the following:

A. Customer is responsible for requesting service, paying all charges for service rendered by Company and complying with all of Company's regulations governing the services. The Customer is also responsible for assuring that its users comply with regulations.

- B. When Customer notifies Company that it desires to procure Company's services, Customer must provide the name(s) and telephone number(s) of its authorized contract representative(s).
- C. Customer must pay Company of the replacement or repair of Company's equipment when the damage results from:
 - 1. Negligence or willful act of the Customer or user,
 - 2. Improper use of service, or
 - 3. Any use of equipment or service provided by others.

2.8.2 Maintenance, Testing, and Adjustment

Upon reasonable notice, and in accordance with any applicable negotiated terms and conditions, the equipment provided by Company shall be made available to Company for such tests and adjustments as may be necessary to maintain them in satisfactory condition. No interruption allowance will be granted for the time during which such tests and adjustments are made.

2.8.3 Deposits

Company may require a cash deposit or guarantee of payment from any Customer who has not established good credit with Company in accordance with the Louisiana statutes and regulations. Company will not collect deposits in excess of 2.5 times the average monthly charges.

Interest on deposits shall accrue at a rate of five percent (5%) per annum on all deposits held by Company for more than six (6) months.

Deposits shall be returned to the business Customer in accordance with the rules of the Commission.

Upon termination of service, deposits with accrued interest shall be credited to the final bill and the balance returned to the Customer.

2.8.4 Cancellation by Customer

If a Customer negotiates for services requiring special equipment and/or facilities dedicated to the Customer's use and then cancels the negotiated arrangement before the service begins, a charge will be made to the Customer for the non-recoverable portions of expenditures or liabilities incurred expressly on behalf of the Customer by Company, subject to any other remedies available under the terms and conditions individually negotiated with the Customer.

2.8.5 Payment and Charges for Services

- A. Services are provided and billed for in accordance with any applicable negotiated terms and conditions.

- B. Payment is due in accordance with any applicable negotiated terms and conditions.
- C. In the event of a dispute concerning a bill, Customer must proceed with any negotiated complaint procedures.
- D. The Customer is responsible for payment of all charges for service furnished to the Customer.
- E. Customer's responsibility for payment of any state and local taxes and fees (i.e. gross receipts tax, sales tax, municipal utilities tax, franchise tax, franchise fees, telecommunications property tax, other property tax, etc.) shall be in accordance with any applicable negotiated terms and conditions.
- F. Customers will be charged a late payment penalty in accordance with any applicable negotiated terms and conditions, provided that payments due when due but shall not be considered past due until twenty (20) days after the date of invoice. A five percent (5%) fee will be assessed on all past due payments. Unpaid late fees shall not be subject to additional fees.
- G. Customers will be charged on all checks returned to Company by the issuing entity. For each returned check, such charge shall not exceed Twenty Dollars (\$20).

2.8.6 Customer Complaint Procedure

Company will resolve any disputes brought to its attention as promptly and effectively as possible. Customer Service Representatives can be reached via the following toll-free telephone number: (832) 634-0010. Any unresolved disputes may be directed to the Commission at P.O. Box 91154, Baton Rouge, Louisiana 70821-9154. In the event of a dispute concerning an invoice, the Customer must proceed with any negotiated complaint procedures.

2.9 Company Responsibility

2.9.1 General

The responsibilities of Company set forth in this Tariff shall be in addition to any applicable negotiated responsibilities and obligations of Company.

2.9.2 Discontinuance of Service by Company

Company may discontinue its provision of services in accordance with any applicable negotiated terms and conditions, provided that Company shall not discontinue its provision of services to Customer for non-payment of charges until the payment becomes past due and Company has given Customer at least five (5) days written notice that such services may be discontinued.

SECTION 3 - DESCRIPTION OF SERVICES

3.1 Carrier Service Offerings

This section describes Company's carrier and private entity service offerings and the rates applicable thereto. These service offerings are not offered directly to retail end-users.

3.1.1 Description of Carrier Services

A. Facilities-Based Services

Company provides facilities-based services to other carriers and private entities who, in turn, provide telecommunications services directly to residential and business end-users. Such services include, but are not limited to, constructing, operating, and maintaining complex fiber optics telecommunications infrastructure.

B. Key Route Maintenance Services

Company provides key route maintenance on all components of its constructed fiber optics systems.

SECTION 4 - RATES

4.1 Pricing Arrangements for Carrier Services

Customized service packages and competitive pricing packages at negotiated rates will be furnished on an individual case-by-case basis in response to requests by Customers to Company for proposals or for competitive bids, subject to the availability of facilities.

4.1.1 Case-by-Case Basis Pricing

- A. Case-by-case basis pricing is a service arrangement in which the regulations, rates and charges are developed based on the specific circumstances of the Customer.
- B. Rates, terms and conditions of services shall be determined on a case-by-case basis and determined by contract between Company and the Customer.
- C. Customer-specific contracts may include, but are not limited to:
 - 1. Indefeasible Rights of Use (IRU);
 - 2. Fiber Leases;
 - 3. Operations and Maintenance Agreements; and
 - 4. Colocation Services Agreements.
